

BE THE CHANGE EVENTS-2022

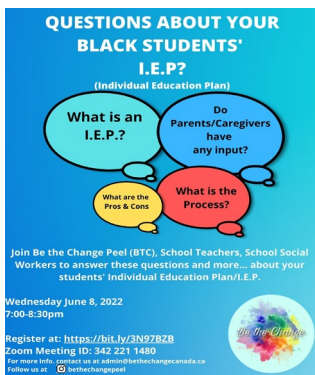

Mother's Day Game Night

An Awesome fun evening spent with caregivers who play a Motherly role in the lives of Black girls. An in-depth conversation facilitated by Social Workers- speaking about the impacts, benefits, social and emotional connections of the Mother/Daughter relationship, a bond which can be fruitful and everlasting. A fun family engagement night!

Math Matters

For many math has proven to be a difficult subject. A Math Matters event was hosted to address question and concerns around math. Parents had the opportunity to learn ways to engage their child/ren and ask questions to Teacher and PHD Math Ed Student Christina Desimone. Questions like What techniques work best in the classroom? Why do students shy away from math? How to use math in everyday encounters? How to reduce math fear?

Individual Education Plan (I.E.P.) Info Session

A session filled with information about a student's Individual Education Plan (IEP). BTC was joined by School Teachers, School Social Workers and other education professionals responding to questions like: What is an IEP? What are the Pros/Cons? What is the IEP Process? What is the role of Parents/Caregivers? IEP Stigma, and What can parents do beyond the classroom?

We also provide ongoing one-one Resume help for youths 15-20. Youth will have their resume reviewed, get tips to create a resume or help on an existing resume.
